

Join the Fun - Volunteer to work for a better Sonoran Arts League

Working with your fellow League members is one of the biggest advantages of belonging to the League. This is where you meet and get to know the other members - be they artists or those with an interest in the arts. Learn about their experiences with art shows or galleries, where they get supplies, techniques for displaying artwork, and on, and on, and on. If you don't work on a committee you are missing out on one of the biggest membership benefits. *You may volunteer for more than one function, so check all that interest you.*
